Navigate questions

2 Mary knows that the circumference of a circle is about three times its diameter. She made her mother a vase in the shape of a cylinder. About how much material does she need to cover the outside of the vase, not including the top and bottom?

Enter questions and answers.

- A 80 square inches
- B 120 square inches
- C 250 square inches
- D 500 square inches

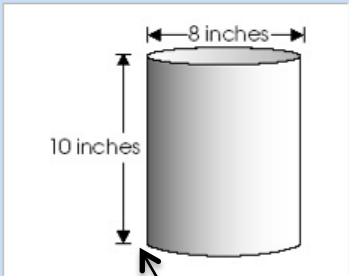

Select the correct answer.

Passage (will display above the question)

Select one answer for the question. If you are not sure of the answer, select the answer that is the best guess.

Enter additional information that you want to print above the question.

Graphic (will display after the question)

13 kb

Math 3rd period

Test Subject:

Navigate questions

Insert a graphic into this area. Graphics should not be high resolution. It is highly recommended to use graphics smaller than 100 KB. Large graphics will waste memory and greatly increase the file size of the program.

Delete the current question. Questions after the deleted question will be renumbered.

Duplicate Test – Use this option to make a duplicate copy of the current test. This option is useful if you want to modify a test for special ed students or 504 students.

Delete Test – Use this option to delete the current test.

About Test Maker OTG... - Returns back to the opening screen.

Password Admin - Use this option to set up the program to be password protected. This is highly recommended if you allow students to use your iPad/iPhone.
